#### **Terms of Agreement**

1. Sphere of application: The purpose of these purchasing terms and conditions is to uniformly regulate contractual relations with suppliers from whom the CNR purchases goods and/or services in application of the Italian laws and regulations. The supplier's terms and conditions of sale shall in no case be applicable to contractual relations with the CNR, even if referred to in any document from the supplier itself.
2. Invoicing: The invoice must contain the CIG code, corresponding to the Italian purchase negotiation code and the CUP Code (indicated in the first page).
3. Payment: Payment shall be made within 30 days from the date of the certification of correct fulfilment of terms.
4. Traceability of Financial Flows (Bank account details): The supplier undertakes all obligations of traceability of financial flows pursuant to Article 3 of Italian Law No. 136/2010 and subsequent amendments and additions. Failure to use the bank or postal transfer or other collection or payment instruments suitable to allow the full traceability of transactions shall constitute grounds for unilateral termination of the contract.
5. Jurisdiction: Any dispute shall be subject to the exclusive jurisdiction of the Court of Rome.
